

Science Homework Options for Week of March 15th

TWO Options are due this week.

Option #1 Write $\frac{1}{2}$ to 1 page **IN YOUR OWN WORDS** about the effect of plant pollen on some peoples' respiration.

Option #2 Write $\frac{1}{2}$ to 1 page **IN YOUR OWN WORDS** about why it is an advantage to have lungs with lobes instead of having just two large sacs, like balloons.

Option #3 Make a poster explaining how to donate your organs to science and why you might want to do that.

Option #4 Make a poster or write a report about how second hand smoke causes cancer.

Option #5 Interview someone with COPD. Written interviews are worth one option, audio or video interviews are worth 2 options.

.....
.
Report Cards go out on Thursday. Check your child's grades from home anytime from any internet capable computer with STIhome. Call the office for more information.

.....
.
I have seen my child's homework options for the week of March 15th.
